What customers say about us...

"STG's SaFTglo stood out amongst our options, offering great performance and through-life costs without compromising on design. We look forward to having them on-board Scoot's aircraft!"

Campbell Wilson,
CEO, Scoot

"SaFTglo ColorMatch OC was the ideal choice when we decided to replace our existing floorpath marking system. Safety is essential and SaFTglo offers a reliable, durable and cost-saving solution without compromising on design."

Paul Godfrey,
Design Services
Manager, Monarch
